PROFILE

I am a passionate seeker of knowledge, eager to explore diverse domains, learn new skills, and grow professionally. With a deep passion for technology, I am driven to solve real-world problems and deliver impactful solutions. I strongly believe in mutual learning and actively share knowledge while growing alongside my peers. In my previous role, I've dealt with a lot of challenges, which tested my resilience and adaptability, and now I am planning to apply those learnings in a more challenging environment. Confident in my abilities, I am committed to continuous improvement and the ongoing development of my skill set.

WORK EXPERIENCE

Technical Support Engineer – Lenovo Project

Skypro Technologies Pvt Ltd.   9 Months

Played a key role in Lenovo's hardware support project, providing onsite and remote assistance for laptops and desktops. Diagnosed and resolved hardware/software issues, performed system maintenance and upgrades, and ensured high customer satisfaction. Collaborated with backend teams for escalations and part replacements. Gained hands-on experience with Windows OS, BIOS settings, and Lenovo diagnostic tools, while maintaining accurate service logs and documentation.

Web Development Intern

Immaculate Technologies.   2 Months

Developed responsive web pages using HTML, CSS, and JavaScript. Assisted in debugging and improving performance. Collaborated on live projects, followed Agile workflows, and explored basic back-end integration with APIs. Participated in code reviews and created documentation, gaining real-world software development experience.

PROJECTS

Membership Websites

Village Temple Priests Social Welfare Council

I have developed a responsive and user-friendly website using HTML, CSS, JavaScript, Python, SQL, and animations for the Rural Temple Priests Welfare Association Previously, membership registrations were done manually using paper forms. To improve efficiency, we've created a digital platform that allows members to register online and securely manage their information. This transition modernizes the association's operations, enhances accessibility, and ensures better communication and record-keeping through a centralized system.

E - Commerce Website

Cardamom Shopping

I developed a dynamic and responsive website inspired by an online cardamom shopping platform. It uses HTML, CSS, and JavaScript for the front end, with Python and SQL handling the back end. The site includes animations for a better user experience and showcases my full-stack development skills in building an e-commerce-style application.

HARI HARA SUDHAN

COMPUTER SCIENCE GRADUATE

SELF-DECLARATION

I am a citizen of India and a permanent resident of the address mentioned above. My date of birth is [07 / October / 2003], as per official government records. I have completed my educational qualifications as mentioned in my certificates, and all educational and supporting documents submitted by me are genuine and authentic. I have not been involved in any criminal activity or unlawful act, and there are no pending legal proceedings or criminal cases against me in any court of law. I am of sound mental and physical health and fully capable of discharging any assigned responsibilities. I have never been debarred or blacklisted by any academic institution, government agency, or private organization. I have not submitted any forged, tampered, or misleading documents at any stage. I am not currently employed in any government or private organization unless already declared, and I am not under any contractual bond with any other employer that restricts my application. I shall abide by all rules, regulations, policies, and terms of the institution or organization I am applying to, and I understand that providing false or misleading information can result in disqualification or termination. I take full responsibility for the accuracy of the information and documents submitted by me and will notify the concerned authorities immediately of any changes in my residential address or contact details. I undertake to cooperate in all verification processes as and when required and am ready to provide any additional documents, proofs, or clarifications when asked by the institution or authority. I confirm that this declaration is made voluntarily and without any pressure or undue influence, and I understand the legal implications of making a false declaration under applicable laws. I hereby affirm that all the information provided in this self-declaration is true, correct, and complete to the best of my knowledge and belief.

SINCERELY,

Trhariharasudhan
